It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Cedar Creek Publishing. Paperback. Book Condition: New. Paperback. 88 pages. Dimensions: 8.9in. x 5.9in. x 0.4in. In *Stones for Words*, Sara Robinson takes the reader through five distinct levels of an evolutionary journey of her writing and philosophy of life. Like the stratification of the earth's mantle, her personal development is in layers of hard and soft rock, which she must mine for definition and clarity. She is not afraid or reluctant to involve the reader in the intimacy of her thoughts and self-doubts. Using simple, but powerful imagery, mixed with abundant use of metaphor and simile, she presents her observations and attempts at logical conclusions. In some poems there is a sense of inner debate about what is true and what is not; but at the end she either accepts what she sees or leaves the thought for future imagination. As with Sara's first collection of poetry, *Two Little Girls in a Wading Pool* (Cedar Creek Publishing, 2013), her poetic quest for identity is still influenced by the emotional ties to where and how she grew up in the Shenandoah Valley of Virginia. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
