CHRISTIAN FAITH IN CONTEMPORARY SOCIETY: THE FRAMEWORK FOR BELIEF (PAPERBACK)

iUniverse, United States, 2005. Paperback. Book Condition: New. 223 x 152 mm. Language: English . Brand New Book. Christian Faith in Contemporary Society is a comprehensive primer on biblical literacy written especially for: Baby Boomers and others who by reason of illness or aging are contemplating their mortality and wish to explore Christian claims of eternal life, Non-believing singles contemplating dating a devout Christian, who wish to know what they may be in for should they fall in love, Mature Christians whose intelligent, highly-educated children or grandchildren are rejecting the faith, Christians who wish to increase their knowledge of the faith for personal spiritual growth and greater effectiveness in presenting the faith to others, and The curious uninitiated who would like in-depth knowledge of what the Christian faith is all about. The author, a Harvard lawyer, has applied his professional skills to conduct a forensic analysis of the most formidable premise of the Christian faith-the resurrection of Jesus from the dead and his ascension into heaven while still alive-and reports on the results of that analysis. Because Christianity has played a key role in the development of Western civilization, a knowledge of Christianity is necessary for a proper understanding of our society. This book can help the reader gain that knowledge.
