A physician distinguished above his fellows for his services to medicine, chemistry and pharmacology, endowed with quite a phenomenal talent for ancient and modern languages, and well read in all the medical lore of past times, after mature thought and at a ripe age, announces to the profession that, as the result of years of arduous experiment, investigation and reflection, he believes he has discovered a therapeutic rule which will enable us to find the remedies for diseases with greater certainty and precision than can be effected by any of the methods hitherto taught. The reception which this announcement met with, and which was given to all Hahnemann s subsequent efforts to give certainty and scientific accuracy to therapeutics, is described in the following pages, and forms one of the most melancholy and deplorable episodes in the history of medicine. Homoeopathy having had its origin in...
